Facts about the homeless you probably didn't know.

- 1) It is estimated that 1/3 of runaways want to perform suicide as a solution.
- 2) The major reason of homelessness among teens is because of abuse.
- 3) Sexual orientation is also the major factor that makes the gay teens leave home.
- 4) Living in a street is not the best solution because the homeless people are subject to sexual assault
- 5) Before the teens run away from the house, a half of them reportedly have been abused. It is also sad to know that 10 percent of runaway female teens are pregnant.
- 6) The homeless teens are very vulnerable. Compared to the non-homeless adolescent, the homeless teens are more possible to get infected by HIV AIDS
- 7) A common-held belief is that most homeless people are drug addicts or alcoholics. The statistics don't lie; in a 2003 Substance Abuse and Mental Health Services Administration study, it was found that 38 percent of homeless were alcoholics, and 26 percent were addicted to other substances
- 8) 1 out of 4 homeless men have served for our country in the military.

Can you give your spare clothes this winter to help provide for the less fortunate homeless who are dreading how they are going to keep warm and feed their stomach?

- ❖ Clothes

- ❖ Pillows
- ❖ Sleeping bags
- ❖ Food
- ❖ Deodorant
- ❖ First aid (plasters, bandages, etc)

Unfortunately there are about 1 million people in Britain that are homeless. Half a million of which are on streets or in doorways and the other half are living in a squat or a temporary shelter. Its difficult to count the exact amount of people who are homeless as many homeless are outside any formal record-keeping system.

Can any donations please be handed in to the Keresley Centre.
